# HOUSE CAPTAINS

House Captains Autumn 2022 - Summer 2023

Led by Mrs Hopkins

As House Captains we are the leaders for our Houses: Emerald, Sapphire and Ruby. We enjoy ensuring the whole school has good sporting experiences by promoting Sports Day and cheering the members of our House in the races they are competing in. We are working hard at lunchtimes to count house points, and we announce the winners in Achievement Assembly every week and the results are displayed in the school hall. We hope that this will enthuse everyone to work hard and earn stars in their lessons. For the first time, this year we will be holding meetings with our Houses so that we can work together across all year groups to encourage our members to earn as many stars as possible through demonstrating our school's 5 Core Values (Consideration, Collaboration, Challenge, Confidence and Curiosity).

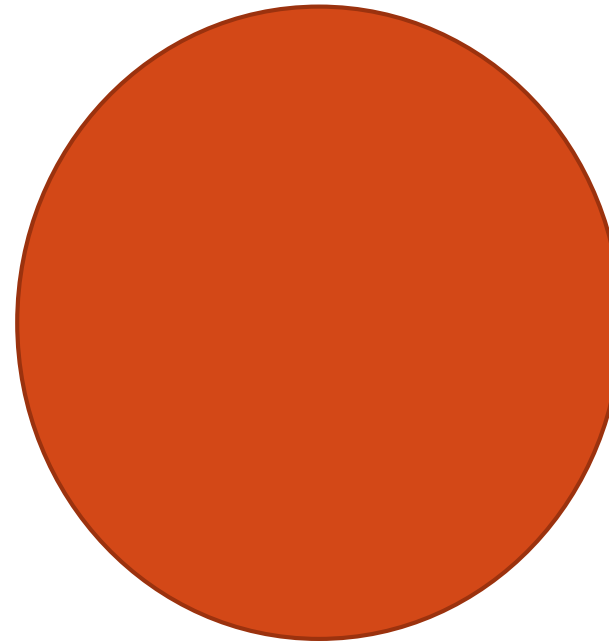

**Year 6**

**Ruby - Darcie and Holly**

# Why we are here?

Today we are here to discuss our house points and give tips on how to earn more stars. All week this information has been kept secret from sapphire and emerald, and we would really appreciate it if this can still stay within our house. Now we are going to give you a presentation on how to earn stars but what values can you actually earn stars for? You have until the circle disappears to think then when you have an idea put your hand up.

Times Up!!!

## Consideration:

You can earn stars for consideration by being kind and respectful to others around you. Tidy up when your teacher asks you and try to be the first ready. Show consideration to teachers by opening doors for them or maybe waiting patiently. What else can you do so teachers recognise your consideration?

# Challenge:

Challenge is important and we can challenge ourselves by learning new things and pushing through when things get hard. You can also challenge yourself in P.E by trying to beat your personal best. All of these things teachers can recognise and give stars for. Is there anything else that people can do to earn challenge stars?

# Curiosity:

Curiosity stars can be earned by showing your keen to start a lesson or curious to find out more. You can show curiosity when researching different subjects and questioning what you already know. If you are writing a biography you can be curious to find out extra information. Has anyone earned a curiosity star this week? If so what was it for?

## Collaboration:

Another important value is collaboration which comes up quite often. You can gain more stars by just simply helping one another or working well together. At any point in the day you can earn more collaboration stars by being helpful and supportive. How else can we show our collaboration?

# Confidence:

Confidence can be shown by reading aloud with spirit and morale and showing that you can be brave and bold. Being confident can be shown in many ways. Can you think of any?

You can also get stars from the deputy head and head teacher when you present them your work. You can also earn stars when you present your work carefully (presentation stars) and when you show good behaviour outside.

Remember Ruby Stands For:

**R**ESPECTFUL

**U**NIQUE

**B**RIGHT

**Y**ARE

Now let's play a game of hang man.

C \_ \_ \_ \_ \_ \_ \_ \_ It has 9 letters and begins with C.

This value is shown when your keen and confident to know more.

Thank you for listening
